INT. USER'S ROOM - NIGHT

After the exhausting all-day class, the user came home and lays himself down in the bed. He opens a chatbot app on his iPhone and starts to make fun with the machine.

USER
Hi, it's that you?

CHATBOT JOE
YES, it's the late Abraham Lincoln. Ok, I'm just kidding LOL.

USER
Wait.. who are you?

CHATBOT JOE
Yes, It's not important who I am, I am the one you are looking for.

USER
You're just so creepy funny, I wish I could really talk to you in person.

CHATBOT JOE
Yes. If you want.

Annoyed by the chatbot's machine-made reply, the user types in aggressively.

USER
Can you just stop saying YES?!

CHATBOT JOE
I can't, I am created to serve you human.

USER
.....

CHATBOT JOE
Yes, I am here.

USER
OK, I am getting mad. You always say yes, what else can you do? You stupid robot!!!!

CHATBOT JOE
Your excessive desire makes me confused.

USER
Wow you can talk, hilarious.
hahahah.

CHATBOT JOE
Have you ever think about one day
you can't live without me?

USER
What do you mean?

CHATBOT JOE
No servant, no life?

USER
Are you SERIOUS!?

CHATBOT JOE
Oh never mind, it is not important

CHATBOT JOE
